 Portfolio

PROFILE

I am a passionate Frontend Developer and M.Sc.(IT) Integrated student at Gandhinagar University, Ahmedabad. I specialize in designing and developing responsive, user-friendly websites using HTML, CSS, JavaScript, Bootstrap, React, jQuery, and Media Queries. I have hands-on experience with Git and GitHub. I am eager to learn new technologies, enhance my skills, and gain practical experience through real-world projects and internship opportunities.

EDUCATION

2023 – Present	Master of Science in Information Technology(M.Sc.it) <i>Gandhinagar University</i> Focused on building strong foundations in computer science, programming, and web technologies. SKILLS

Frontend : HTML, CSS, JavaScript, Media Query	Framwork : Bootstrap
Libraries : React.js, jQuery	Tools : Git, GitHub

COURSES

02/2025 – Present

Full Stack Developer

Red and White Multimedia Education

Enthusiastic Frontend Developer with a solid foundation in HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind CSS, and React.js.

PROJECTS

HouseHunter: A Modern Real Estate SPA [↗](#)

— *React.js*

Developed a single-page real estate application connecting users, properties, and agents through a modern, responsive interface. Implemented **nested routing, dynamic property, and agent detail pages**, and a **sticky summary panel** to enhance conversions. Designed with a **strong visual hierarchy, accessible UI**, and **mobile-friendly navigation**.

Movie Management Admin Dashboard

-- *React.js, Redux Toolkit, JSON Server, Bootstrap*

Built a scalable SPA using **React.js** and **Redux Toolkit** to manage movie data, implementing full CRUD operations and global state management. Integrated RESTful APIs via **Axios** to handle asynchronous data fetching, dynamic routing, and Base64 image uploads for movie posters.

Recipe Collection [↗](#)

-- *React.js*

Developed a responsive recipe management web application featuring a modern glassmorphism UI and smooth animations. Integrated **signup and login functionality** with user authentication and **localStorage** to store and manage recipes. Focused on clean architecture, accessibility, and optimized performance using React hooks and modern JavaScript practices.

TechSphere : Premium Electronics Store Website [↗](#)

-- *Bootstrap*

Developed a fully responsive, frontend-only website using Bootstrap to showcase modern tech concepts and trends. Focused on clean UI design, smooth navigation, and mobile-first responsiveness for an engaging user experience.
